(including a study trip to Brussels, Geneva and Paris)

3. AUTUMN COURSE

SEAFOOD & FRESHWATER PRODUCT INSPECTION

One-week session:

Date: 12th –16th November 2018 (Monday to Friday)

Venue: Lyon, Marcy l'Etoile (including a 2 day online session prior to Residential Course)

GENERAL OBJECTIVES:

Through a variety of educational methods (lectures, cases studies, field visits and study trips), the ENSV Veterinary Education Courses aims to:

- Promote global governance by stimulating exchange in veterinary practice and experience;
- Participate in veterinary institutional and technical capacities; further cooperation of partner countries to develop mutual understanding.

The challenge is to allow participants to gather and share their experience through the presentation and use of different concepts; to question their own personal practice regarding OIE* and Codex Alimentarius standards. These courses are combined with the OIE Strategic Plan for capacity building activities, in terms of management, law and governance of Veterinary Services.

* World Organization for Animal Health

AUDIENCE:

- VETERINARY OFFICERS (OIE focal points, Senior veterinary officers, Executives of veterinary institutions or agricultural organizations, etc.)
- MANAGEMENT STAFF from private sector: animal production, pharmaceutical industry and agro-industrial sector.

TUITION FEES:

1 - Prevention of antimicrobial resistance (one-week session in France + 2 days online learning)	2 500 €
2 - Animal health and welfare (2,5 week session in France including a European Study Trip)	6 000 €
3 - Seafood & freshwater product inspection (one-week session in France Including visit of inspection sites + 2 days online learning)	3 000 €

Tuition fees do not cover living expenses in Lyon, travel to or from France or insurance and visa costs. Session 2 tuition fees includes transportation, accommodation and meals during European study trip in Geneva, Brussels and Paris.

Living expenses in Lyon are about 100 € a day (accommodation and meals). Flights and travel expenses are paid by the attendees and are not the responsibility of ENSV.
